EXPLANATORY NOTE

(This note is not part of the Order.)

The Food Protection (Emergency Prohibitions) Order (Northern Ireland) 1987 (as amended) (''the principal order'') contains emergency prohibitions on various activities in order to prevent human consumption of food which has been or which may have been rendered unsuitable for that purpose in consequence of the escape of radioactive substances from a nuclear reactor situated at Chernobyl in the USSR.

This Order further amends the principal order by exempting from the prohibition on slaughter throughout the United Kingdom any sheep identified by a green paint mark on or after 31st July 1989 which has been examined and subsequently marked with an ear tag by a person authorised by the Department and from the prohibition on the supply, throughout the United Kingdom of any meat derived from such sheep.

This Order also revokes the Food Protection (Emergency Prohibitions) (Amendment No. 2) Order (Northern Ireland) 1989.
