EXPLANATORY NOTE

(This note is not part of the Regulations but is intended to indicate their general purport.)

The purpose of these Regulations is firstly to enable the present arrangements for the grading of staff and the payment of salaries in respect of the College of Technology to be applied also to other institutions designated as central institutions by the Ministry of Education. The College of Technology, Belfast, the College of Art and the College of Domestic Science will be so designated from 1st August, 1961.

In addition, the Regulations enable a member of the group of teachers defined in the proviso to Regulation 5(2) who possesses the qualification now required by the Ministry for recognition as a teacher of commercial subjects or who possesses the qualification set out in Schedule IV to pass beyond the 10th point of Salary Scale I.

The Regulations also make provision for the placing on the salary scales of teachers who hold the Higher National Diploma.

Finally, the Regulations enable a local education authority to appoint an Acting Principal in the absence of a Principal and to pay him an appropriate allowance.
