LII. And be it further enacted, That all the Monies arising by the Duties of Customs and the Duties of Tonnage imposed by this Act (the necessary Charges of raising and accounting for the same excepted), shall

from Time to Time be paid into the Receipt of His Majesty's Exchequer, and be carried to and made part of the Consolidated Fund of *Great Britain*, except as by this Act is specially provided.

The whole of the Duties except otherwise provided, shall be entered in One Account at the Exchequer, and the Treasury shall cause distinct Accounts of such as were to be kept separate for Ten Years, from being granted, to be so kept, and laid before Parliament.

LIII. And whereas by divers Acts for granting several of the Duties hereby repealed, it is provided that during the Space of Ten Years then next ensuing, there should be provided and kept in the Office of the Auditor of the Receipt of the Exchequer, a Book or Books, in which all the Monies arising from the said respective Duties should, together with such other Duties as were respectively granted for the Purpose of making permanent Additions to the publick Revenue, and of defraying any Charges occasioned by certain Loans made, and Stocks created by the Authority of Parliament, be entered separate and apart from all other Monies paid or payable to His Majesty, His Heirs or Successors, upon any Account whatever: And whereas it is expedient that the Whole of the Duties by this Act granted, except where special Provision is otherwise made by this Act, should be entered in One Account, but that Provision should nevertheless be hereby made for ascertaining the Produce of such several Grants of Duties for the Remainder of such respective Periods; be it therefore enacted, That, from and after the said Fifth Day of *July* One thousand eight hundred and three, the Whole of the Duties of Customs and Tonnage granted by this Act, except as by this Act is otherwise specially provided, shall be entered together in One Account; and that from and after the said Fifth Day of *July* One thousand eight hundred and three, the Lord High Treasurer, or Lords Commissioners of His Majesty's Treasury, or any Three or more of them for the Time being, shall, for and during the Remainder of the respective Periods of Ten Years, to be computed from the Time of granting such of the said Duties as aforesaid as were so directed to be entered separately as aforesaid, cause separate and distinct Accounts of what such Duties would have amounted to in case the same had not been and were not respectively hereby consolidated and collected with other Duties of Customs and Tonnage, to be made out in such Manner and Form as shall appear to the Lord High Treasurer, or the Lords Commissioners of His Majesty's Treasury for the Time being, best adapted to ascertain such Amounts respectively; which Accounts the said Lord High Treasurer, or Lords Commissioners for the Time being, are hereby required to cause to be laid before Parliament, together with the publick Accounts directed to be laid before Parliament pursuant to the Provisions of the said recited Act passed in the Forty-second Year of the Reign of His present Majesty aforesaid, intituled, *An Act for directing certain publick Accounts to be laid annually before Parliament; and for discontinuing certain other Forms of Account now in Use.*

Out of the Increase of Duties and the additional Ones, 250,000*l.* shall be applicable to defraying the Charge occasioned by any Loan made this Session.

LIV. And whereas in the Consolidation of the Duties on Goods, Wares, and Merchandize under this Act, such Duties are in various Instances increased, and in many Cases new additional Duties are granted, be it therefore enacted, That of the Monies arising or to arise out of such Increase of the Duties hereby granted, and from such new and additional Duties as aforesaid, the Sum of Two hundred and fifty thousand Pounds, being the estimated Produce thereof, shall be deemed an Addition made to the Revenue for the Purpose of defraying the encreased Charge occasioned by any Loan

Loan made by virtue of any Act or Acts passed in this Session of Parliament.

Limitation of Actions.

LV. And be it further enacted, That if any Action or Suit shall be brought or commenced against any Person or Persons, for any Thing done in pursuance of this Act, such Action or Suit shall be commenced within Three Calendar Months next after the Fact committed, and not afterwards, and shall be laid in the County or Place where the Cause of Complaint did arise, and not elsewhere; and the Defendant or Defendants, in every such Action or Suit, may plead the General Issue, and give this Act and the Special Matter in Evidence at any Trial to be had thereupon; and if the Jury shall find for the Defendant or Defendants in any such Action or Suit, or if the Plaintiff or Plaintiffs shall be nonsuited, or discontinue his, her, or their Action or Suit, after the Defendant or Defendants shall have appeared, or if upon Demurrer Judgement shall be given against the Plaintiff or Plaintiffs, the Defendant or Defendants shall have Treble Costs, and have the like Remedy for the same, as any Defendant had in other Cases to recover Costs by Law.

General Issue.

Treble Costs.

Act may be altered or repealed this Session.

LVI. And be it further enacted, That this Act may be varied, altered, or repealed, by any Act or Acts to be made in this present Session of Parliament.
