EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations consolidate with certain amendments the provisions relating to the charges payable by patients receiving treatment in accommodation provided in hospitals under sections 4 and 5 of the National Health Service Act, 1946. No alteration is made to the existing charges for accommodation in amenity beds provided under section 4 of the Act but a number of changes are made in the method of calculating hospital charges in accordance with the provisions of section 5. This section requires that the charges shall be designed to cover the whole cost of accommodation and services provided under the section. The object of the changes is to rectify certain anomalies and to ensure that irrelevant items are excluded from the calculation. The Regulations also make certain alterations in the maximum medical fees payable by private in- and out-patients at National Health Service hospitals.
