(2) The guaranteed weekly remuneration is 34 hours' pay calculated at the general minimum time rate ordinarily applicable to the worker:

Provided that where in any week a worker is absent from work by reason of a recognised holiday allowed by his employer, not being a holiday allowed to the worker under the provisions of the Wages Councils Acts, 1945 to 1948, the worker's guaranteed weekly remuneration in that week shall be

reduced by an amount which is in the same proportion to 34 hours' pay, calculated as aforesaid, as the number of hours for which the worker is absent from work in that week by reason of the recognised holiday is to the number of hours ordinarily worked in a week by him for the employer on work to which this Schedule applies; and for the purposes of this proviso the expression "recognised holiday" means—

(4) In calculating the number of hours worked in any week for the purposes of this paragraph, the worker shall be treated as though he had worked on any holiday allowed to, and taken by, him in that week under the provisions of the Wages Councils Acts, 1945 to 1948, the number of hours ordinarily worked by him on that day of the week, provided that the worker shall not be treated as having worked in any week throughout which he is on holiday.

(5) Payment of the guaranteed weekly remuneration in any week is subject to the condition that the worker throughout the period of his ordinary employment in that week, excluding any day allowed to him as a holiday, (*whether under the Wages Councils Acts, 1945 to 1948, or because the day is, or forms part of, a recognised holiday, as defined in the proviso to sub-paragraph (2) of this paragraph*) *is*—
