EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

In terms of section 6 (3) of the Agriculture (Miscellaneous Provisions) Act, 1944, a licence to keep a boar for breeding purposes may be refused if the boar is not registered or eligible for registration as a pedigree boar with an approved pig breeding society or does not conform to the standard of type laid down for pedigree boars of that type by an approved society and is unlikely to beget progeny which conforms to that standard. The First Schedule to the Regulations of 1949 contains a list of the approved pig breeding societies for the purpose of the section and these Regulations add the British Landrace Pig Society Limited to the list.
