8. With respect to any Inspector's Investigation, the following provisions of this Regulation shall have effect:—

(1) The Inspector of Accidents by whom the investigation is made (in this Regulation referred to as " the Inspector ") shall have power:—

(*a*) by summons under his hand to call before him and examine all such persons as he thinks fit, to require such persons to answer any question or furnish any information or produce any books, papers, documents and articles which the Inspector may consider relevant, and to retain any such books, papers, documents and articles until the completion of the investigation ;

(3) The investigation shall be held in private.

Reports by Inspectors

9.—(1) Subject to paragraph (2) of this Regulation, upon the completion of an Inspector's Investigation, the Chief Inspector of Accidents, or such other inspector as may be authorised by the Minister, shall make a report to the Minister and the appropriate authority jointly. The Inspector making the report shall state the circumstances of the case and his conclusions as to the cause of the accident, adding any observations and recommendations which he thinks fit to make with a view to the preservation of life and the avoidance of similar accidents in future. He shall also state to what extent effect has been given to the provisions of paragraph (5) of Regulation 8. The Minister and the appropriate authority may cause the whole or any part of any such report to be made public in such manner as they may think fit.

(2) If it appears to the Inspector carrying out the investigation or the Chief Inspector of Accidents that the investigation of any accident to which these Regulations apply has been completed but for the investigation of matters affecting the discipline or internal administration of any of Her Majesty's naval, military or air forces, or any of the naval, military or air forces of any foreign country, which are more appropriate for investigation by some other person or body, the investigation may be treated for the purposes of paragraph (1) of this Regulation as if it had been completed without such matters being investigated under these Regulations:

Provided that—

(*a*) any report made under this Regulation shall specify any matters to which the investigation has not extended by reason of the foregoing provision of this paragraph, and

(*b*) the Minister and the appropriate authority may require the investigation of the accident to be resumed and completed to such extent as they may specify and that a further report shall be made thereon and in that event paragraph (1) of this Regulation shall apply in relation to that further report as it applies to other reports made on the completion of Inspectors' Investigations.

Public Inquiries

10.—(1) Where it appears to the Minister and the appropriate authority that it is expedient to hold a Public Inquiry into the causes and circumstances of an accident to which these Regulations apply, the Minister and the appropriate authority may direct that a Public Inquiry be held by a Commissioner to be appointed by the Lord Chancellor and in any such case any Inspector's Investigation relating to the accident shall be discontinued.

(2) The Commissioner (hereinafter called " the Court ") shall be a barrister of not less than ten years standing. The Court shall be assisted by not less than two Assessors possessing aeronautical, engineering or other special skill or knowledge, one of whom may be the Chief Inspector of Accidents, or one of the Inspectors of Accidents. The Assessors shall be appointed by the Lord Chancellor.

(3) Where the Minister and the appropriate authority have directed a Public Inquiry to be held the case shall be remitted by the Minister and the appropriate authority to the Attorney-General, and thereafter the preparation and presentation of the case shall be conducted by the Treasury Solicitor under the direction of the Attorney-General; the Chief Inspector of Accidents shall render such assistance to the Court and to the Attorney-General as is in his power and for that purpose shall have the powers conferred by paragraph (1) of Regulation 8 on an Inspector of Accidents with respect to an Inspector's Investigation.

(4) Every Public Inquiry held under these Regulations shall be conducted in such manner that, if a charge is made against any person, that person shall have an opportunity of making a defence.

(5) When a Public Inquiry has been ordered the Attorney-General may cause a notice, to be called a notice of inquiry, to be served upon the owner, operator, hirer and person in command of any aircraft involved in the accident, as well as upon any person who in his opinion ought to be served with such notice. The notice shall contain a statement of the questions which on the information then in the possession of the Attorney-General he intends to raise on the hearing of the inquiry, and the Attorney-General may, at any time before the hearing of the inquiry, by a subsequent notice amend, add to, or omit any of the questions specified in the notice of inquiry.

(6) The Attorney-General and any person upon whom a notice of inquiry has been served shall be deemed to be parties to the proceedings.

(7) Any other person, including the Minister and the appropriate authority may, by leave of the Court appear, and any person who so appears shall thereupon become a party to the proceedings.

(8) (i) The Court shall have, for the purposes of the inquiry, all the powers of a Court of Summary Jurisdiction when acting as a Court in the exercise of its ordinary jurisdiction, and without prejudice to those powers, the Court may

(*a*) enter and inspect, or authorise any person to enter and inspect, any place or building entry or inspection whereof appears to the Court requisite for the purposes of the inquiry;

(*b*) by summons require the attendance as witnesses of all such persons as the Court thinks fit to call and examine, and require such persons to answer any questions or furnish any information or produce any books, papers, documents and articles which the Court may consider relevant;

(*c*) administer the oath to any such witness, or require any witness to make and sign a declaration of the truth of the statements made by him in his examination;

(ii) the Assessors shall have the same power of entry and inspection as the Court.

(9) Affidavits and statutory declarations may, by permission of the Court and saving all just exceptions, be used as evidence at the hearing.

(10) At the time and place appointed for holding the inquiry the Court may proceed with the inquiry whether the parties upon whom a notice of inquiry has been served, or any of them, are present or not.

(11) The Court shall hold the inquiry in open Court save to the extent to which the Court is of opinion that in the interest of justice or in the public interest any part of the evidence, or any argument relating thereto, should be heard in camera.

(12) The proceedings on the inquiry shall commence with the production and examination of witnesses on behalf of the Attorney-General. These witnesses, after being examined on behalf of the Attorney-General, may be cross-examined by the parties in such order as the Court may direct and may then be re-examined on behalf of the Attorney-General. Questions asked and documents tendered as evidence in the course of the examination of these witnesses shall not be open to objection merely on the ground that they do or may raise questions which are not contained in or which vary from the questions specified in the notice of inquiry or subsequent notices referred to in paragraph (5) of this Regulation.

(13) When the examination of the witnesses produced on behalf of the Attorney-General has been concluded, the Attorney-General shall state the questions in reference to the accident and the conduct of persons connected with the accident upon which the opinion of the Court is desired. In framing the questions for the opinion of the Court, the Attorney-General shall make such modifications in, additions to or omissions from the questions in the notice of inquiry or subsequent notices referred to in paragraph (5) of this Regulation, as, having regard to the evidence which has been given, the Attorney-General or the Court may think fit.

(14) After the questions for the opinion of the Court have been stated, the Court shall proceed to hear the parties to the proceedings upon and determine the questions so stated. Each party to the proceedings shall be entitled to address the Court and produce witnesses or recall any of the witnesses who have already been examined for further examination and generally adduce evidence. The parties shall be heard and their witnesses examined, cross-examined and re-examined in such order as the Court shall direct. Further witnesses may also be produced and examined on behalf of the Attorney-General and may be cross-examined by the parties and re-examined on behalf of the Attorney-General.

(15) When the whole of the evidence in relation to the questions for the opinion of the Court has been concluded any of the parties who desires so to do may address the Court upon the evidence and the Court may be addressed in reply upon the whole case on behalf of the Attorney-General.

(16) The Court may adjourn the inquiry from time to time and from place to place, and where an adjournment is asked for by any party to the inquiry, the Court may impose such terms as to payment of costs or otherwise as it may think just as a condition of granting the adjournment.

(17) The Court shall make a report to the Minister and the appropriate authority jointly stating fully the circumstances of the case and the opinion of the Court touching the causes of the accident and adding any observations and recommendations which the Court thinks fit to make with a view to the preservation of life and the avoidance of similar accidents in future, including a recommendation for the cancellation, suspension or endorsement of any licence, certificate or other document.

(18) Each Assessor shall either sign the report with or without reservations, or state in writing his dissent therefrom and his reasons for such dissent, and such reservations or dissent and reasons (if any) shall be forwarded to the Minister and the appropriate authority with the report. The Minister and the appropriate authority shall, unless there are good reasons to the contrary, cause any such report and reservations or dissent and reasons (if any) to be made public wholly or in part in such a manner as they may think fit.

(19) Every person attending as a witness before the Court shall be allowed such expenses as would be allowed to a witness attending before a Court of Record, and in case of dispute as to the amount to be allowed, the same shall be referred by the Court to a Master of the Supreme Court who on request signed by the Court shall ascertain and certify the proper amount of the expenses, provided that, in the case of any party to the proceedings or of any person in the employment of such a party, any such expenses may be disallowed if the Court in its discretion so directs.

(20) The Court may order the costs and expenses of the inquiry, or any part thereof, to be paid by any party, if it finds that the accident was due to the act or default or negligence of that party or of any person in the employment of that party; and any such order shall, on the application of any person entitled to the benefit thereof, be enforced by a Court of Summary Jurisdiction as if the costs and expenses were a penalty imposed by that Court, but, subject to any such order, such costs and expenses shall be deemed to be part of the expenses of the Minister in the exercise of his powers under the Act.

(21) Any notice, summons or other document issued under this Regulation may be served by sending the same by registered post to the last known address of the person to be served.

(22) The service of any notice, summons or other document may be proved by the oath or affidavit of the person by whom it was served.

Rehearing of Public Inquiries

11.—(1) The Minister and the appropriate authority may, in any case where a Public Inquiry has been held, direct a rehearing of the inquiry either generally or as to any part thereof and shall do so

(*a*) if new and important evidence which could not be produced at the inquiry has been discovered, or

(*b*) if for any other reason there is in their opinion ground for suspecting that a miscarriage of justice has occurred.

(2) If the Minister and the appropriate authority direct any inquiry to be reheard, the Lord Chancellor may order that the inquiry shall be reheard either by the Court by whom the inquiry was heard in the first instance or by some other person appointed by him to hold the rehearing.

(3) Any rehearing shall be subject to and conducted in accordance with the provisions of these Regulations relating to the holding of Public Inquiries.

EXPLANATORY NOTE

(*This Note is not part of the Regulations, but is intended to indicate their general purport.*)

These Regulations, made by the Secretary of State and the Minister of Transport and Civil Aviation acting jointly under section 10 of the Civil Aviation Act, 1949, and the Civil Aviation Act (Application to Crown Aircraft) Order, 1959, provide for the holding of investigations and Public Inquiries into accidents occurring to military aircraft (including accidents to foreign military aircraft occurring in the United Kingdom) in circumstances in which there is a civil aviation element e.g. where a military aircraft collides with a civil aircraft or crashes on a civil aerodrome, and also make provision for the holding of investigations and Public Inquiries under the Regulations into accidents occurring to a civil aircraft in circumstances in which there is a military element. The Regulations provide that in the case of such accidents the Minister of Transport and Civil Aviation acting jointly with either the Admiralty, a Secretary of State, the Minister of Supply, or one or more of them, as the case may be, may direct that the accident shall be treated as one to which the Regulations apply.

The procedures governing investigations and public inquiries into accidents to which the Regulations apply follow those laid down by the Civil Aviation (Investigation of Accidents) Regulations, 1951, which relate to civil aviation only, subject to certain modifications following from the fact that two or more Ministers are concerned and that military aircraft are involved.
