(3) In the case of an officer who has elected to retain rights to superannuation benefits corresponding with those previously enjoyed by him under the Act of 1937 or under the Benefits Regulations and whose contributions are subject to the like reduction as is required by regulation 11 of the regulations of 1947, the rate at which the contributions payable by the officer are to be reduced under regulation 4 of these regulations shall be reduced as provided in regulation 5 of these regulations and increased by the amount by which the contributions payable by that officer were required to be reduced under the said regulation 11.

Persons in part-time employment

7.—(1) Where a person whose contributions are subject to reduction under this part of these regulations is an officer in the part-time employment of two or more employing authorities, the rate at which his contributions are to be reduced under regulation 4 of these regulations shall, in the case of contributions payable to an employing authority which is not for the time being treated as his employer for the purposes of the Act of 1946, be reduced as provided in regulation 5 of these regulations.

(2) Where a person whose contributions are subject to reduction under this part of these regulations is an officer in the part-time employment of one or more employing authorities and is also employed in other employment in which he is not an officer and his employer in that other employment is treated as his employer for the purposes of the Act of 1946, the rate at which his contributions are to be reduced under regulation 4 of these regulations shall be reduced as provided in regulation 5 of these regulations.

Mental Health Officers

8. Where a mental health officer whose contributions are subject to reduction under regulation 4 of these regulations is entitled by virtue of regulation 7 of the principal regulations to reckon any year of contributing service as such officer as if it were two years, the contributions payable by him in respect of any year so reckonable shall be further reduced by the sum of three pounds and eightpence.

Employers' contributions

9. The contributions to be paid by an employing authority in respect of any period of participating employment of an officer shall be reduced in the like manner as provided in regulation 4 of these regulations and, in the case of an officer to whom regulation 8 of these regulations applies, as in that regulation:

Provided that in relation to an officer whose contributions, if any, are not subject to reduction in connection with the Act of 1946, the rate of reduction shall be varied as provided in regulation 5 of these regulations.

Exclusion of existing provisions for reduction

10. So long as the contributions payable by any officer or employing authority are subject to reduction in accordance with this part of these regulations, those contributions shall not be subject to reduction under regulation 50 of the principal regulations or under any optants scheme.

Additional contributory payments

11.—(1) An additional contributory payment, made by any officer in respect of any period of participating employment or period of non-participating employment in respect of which a payment in lieu of contributions is required to be made under the Act of 1959, shall not be subject to reduction under sub-paragraph (5) of paragraph 6 of the second schedule to the principal regulations, but shall be reduced in accordance with paragraph (2) of this regulation.

(2) An additional contributory payment required to be reduced in accordance with this regulation shall be calculated by reference to three-quarters of the relevant percentage specified in Tables I, II, III or IV in the second schedule to the principal regulations for so much of the officer's remuneration as does not exceed the maximum annual amount on which graduated contributions can be paid for one employment under paragraph (*b*) of subsection (1) of section 1 of the Act of 1959 and by reference to the relevant percentage so specified for so much of the remuneration (if any) as exceeds that amount.

Reduction of transfer values

12.—(1) The reference in regulation 80 of the principal regulations to the regulations for the time being in force under section 24 of the Act of 1937 shall be construed as a reference to those regulations as modified by regulations made under subsection (4) of section 69 of the Act of 1946 as extended by section 15 of the Act of 1959.

(2) Where a transfer value which under paragraph (1) of regulation 76 of the principal regulations falls to be calculated in accordance with the fourth schedule to those regulations is payable for a period of service of one month or more, which is, or which includes, service in participating employment or in non-participating employment at the end of which a payment in lieu of contributions is required to be made under the Act of 1959, the transfer value or such part of it as is attributable to the period of such employment, shall, in lieu of any reduction which would otherwise be required to be made by paragraph 5 of the said fourth schedule, be reduced in accordance with this regulation and the remainder (if any) of the transfer value, if it is subject to reduction in accordance with the said paragraph 5, shall be reduced in accordance therewith.

(3) The transfer value, or such part of it as is attributable to the period of any such employment as is mentioned in the last foregoing paragraph, shall be reduced by an amount equal to a quarter of the aggregate of the sums calculated in accordance with paragraphs 3 and 4 of the said fourth schedule in respect of that period on so much of the officer's remuneration as does not exceed the maximum annual amount on which graduated contributions can be paid for one employment under paragraph (*b*) of subsection (1) of section 1 of the Act of 1959.

Provided that where a transfer value becomes payable in respect of any person whose contributions were not subject to reduction in connection with the passing of the Act of 1946 and either the contributions payable by him in his former employment have been subject to reduction under regulation 5 of these regulations or a payment in lieu of contributions has been made under the Act of 1959 on his ceasing to hold that employment, there shall be added to the transfer value or part as reduced in accordance with this regulation the amount by which the transfer value or part would, but for this regulation, have been reduced under paragraph 5 of the said fourth schedule.

Contributions deemed to have been made

13. If in respect of any period an officer pays no contributions under the principal regulations or under any optants scheme by virtue of the fact that the amount of the reduction in his contributions provided for by these regulations equals or exceeds the amount of his contributions, he shall nevertheless be deemed for the purposes of sub-paragraph (*a*) of paragraph (1) of regulation 29 of the principal regulations, or the corresponding provision of any optants scheme, to have made the contributions required by that regulation or scheme in respect of that period.

PART III—MODIFICATION OF BENEFITS, ETC.

Reduction of pensions

14.—(1) Subject to the provisions of paragraph (2) of this regulation, where any period of service reckonable in calculating the amount of any pension to which an officer is entitled under the principal regulations has been in participating employment, as from the date on which the officer becomes entitled to that pension, or if on becoming entitled to the pension he has not yet reached pensionable age within the meaning of the Act of 1946, as from the date on which he reaches that age, the part of the pension which is attributable to any such period of service shall be reduced in accordance with this part of these regulations and any provision of the principal regulations or of any optants scheme for the reduction of the pension in connection with the passing of the Act of 1946 shall cease to apply in relation to that part of the pension:

Provided that the reduction required to be made in accordance with this part of these regulations shall not be less than that required to be made under any provisions of the principal regulations or of any optants scheme for the reduction of the pension in connection with the passing of the Act of 1946.

(2) For the purposes of this part of these regulations, no account shall be taken of any period of participating employment occurring in an income tax year if no graduated contributions have been paid under the Act of 1959 in respect of any such period during that year.

(3) Notwithstanding anything in the last foregoing paragraph, a period of employment as an officer, in respect of which a payment in lieu of contributions is required to be made under the Act of 1959, shall be treated for the purposes of this part of these regulations as a period of participating employment.

(4) No account shall be taken of the reduction of any pension under this part of these regulations—

(*a*) in calculating the amount of any widow's pension payable under the principal regulations or of any widow's or dependant's pension payable under an optants scheme, or

(*b*) for the purposes of so much of the proviso to paragraph (1) of regulation 10 of the principal regulations, as provides that an officer's pension shall not exceed forty-five eightieths of his average remuneration, or

(*c*) for the purposes of sub-paragraph (*a*) of paragraph (1) of the first schedule to the principal regulations (which limits the extent to which a pension can be surrendered).

15.—(1) Where a pension payable to any officer would, apart from these regulations, be subject to reduction in accordance with regulation 50 of the principal regulations, so much of that pension as is attributable to any period of participating employment shall be reduced—

(*a*) for each year of such employment which is reckonable as contributing service, otherwise than as a practitioner, in calculating the amount of that pension, by a sum equal to one two-hundred-and-fortieth of so much of the retiring remuneration as does not exceed the maximum annual amount on which graduated contributions can be paid for one employment under paragraph (*b*) of subsection (1) of section 1 of the Act of 1959;

(*b*) for each year of such employment which is reckonable as non-contributing service in calculating the amount of the pension, by a sum equal to one four-hundred-and-eightieth of so much of the retiring remuneration as aforesaid;

(*c*) for each year ending on the thirty-first day of March, or part of such year, of such employment which is contributing service as a practitioner, by a sum equal to one-half per cent. of so much of his remuneration in that year, or part of that year, as does not exceed the maximum amount on which graduated contributions can be paid for one employment under paragraph (*b*) of subsection (1) of section 1 of the Act of 1959:

Provided that where a mental health officer is entitled by virtue of regulation 7 of the principal regulations to reckon any year of contributing service as such officer as if it were two years, so much of the pension as is attributable to any additional year so reckonable shall, in lieu of such reduction as aforesaid, be reduced by the sum of one pound and fourteen shillings in respect of each such year.

(2) Where an officer, other than an officer who is a registered medical or dental practitioner, becomes entitled to a pension on ceasing to be employed in non-participating employment, no account shall be taken, for the purposes of this regulation, of any retiring remuneration in excess of the amount by reference to which his employment was non-participating employment in accordance with a certificate issued under section 7 of the Act of 1959.

Reduction of pensions payable to certain classes of officer

16. Where a pension payable to an officer would, apart from these regulations, be subject to reduction under sub-paragraph (*a*) or (*b*) of paragraph (3) of regulation 50 of the principal regulations, so much of that pension as is attributable to any period of participating employment shall be reduced in accordance with the said sub-paragraph (*a*) or sub-paragraph (*b*), as the case may be, and shall be further reduced in accordance with

regulation 15 of these regulations but shall be increased by the sum of one pound and fourteen shillings for each year of contributing service and seventeen shillings for each year of non-contributing service comprised in that period:

Provided that where a mental health officer to whom this regulation applies is entitled by virtue of regulation 7 of the principal regulations to reckon any year of contributing service as such an officer as if it were two years, so much of the pension as is attributable to any additional year so reckonable shall be reduced solely in accordance with the said sub-paragraph (*a*) or sub-paragraph (*b*), as the case may be.

Service in excess of forty years

17. Where the period reckonable for the calculation of a pension exceeds forty years contributing service or forty years contributing and non-contributing service, the non-contributing service being reckoned at half its actual length, then—

(*a*) in the case of any pension to which regulation 15 of these regulations applies, there shall be deducted from the amount by which the pension is to be reduced under that regulation the sum of one pound and fourteen shillings in respect of each completed year of such excess period, and

(*b*) in the case of a pension to which regulation 16 of these regulations applies, there shall be deducted from the amount by which the pension is to be reduced under that regulation an amount in respect of each such year equal to that by which the pension would have been reduced under sub-paragraph (*a*) or (*b*) of paragraph (3) of regulation 50 of the principal regulations had the year been reckonable as contributing service.

Pensions not subject to reduction in connection with the Act of 1946

18. Where a pension payable to an officer is not subject to reduction in accordance with paragraph (3) of regulation 50 of the principal regulations or the corresponding provision of any optants scheme, so much of that pension as is attributable to any period of participating employment shall be reduced in accordance with regulation 15 of these regulations, but shall be increased by the sum of one pound and fourteen shillings for each year of contributing service and seventeen shillings for each year of non-contributing service comprised in that period.

Pensions payable to optants

19.—(1) Subject to the provision of this regulation, a pension payable to an officer which falls to be calculated in accordance with the provisions of an optants scheme shall be reduced in the like manner as is provided in regulation 15 or regulation 18 of these regulations, as the case may be.

(2) Where a fraction of a year of service is taken into account in calculating the amount of a pension payable to an officer under an optants scheme, the reduction to be made under the last foregoing paragraph shall include in respect of that fraction of a year the equivalent fraction of the amount by which the pension would have been reduced under regulation 15 or regulation 18 of these regulations, as the case may be, if that fraction of a year had been a complete year.

(3) Where an officer has elected to retain rights to superannuation benefits corresponding with those previously enjoyed by him under the Act of 1909, the Act of 1937, the Benefits Regulations or a local Act scheme and any pension payable to him would, apart from these regulations, be subject to the like reduction as is required by regulation 5 or regulation 11 of the regulations of 1947, regulation 28 of the Benefits Regulations or the corresponding provisions of the local Act scheme, so much of the pension as is attributable to any period of participating employment shall be reduced in accordance with whichever of the aforesaid provisions was applicable and shall be further reduced in accordance with regulation 15 of these regulations but shall be increased by the sum of one pound and fourteen shillings for each year of contributing service, by a fraction of that sum equivalent to any fraction of a year taken into account as stated in the last foregoing paragraph, and by the sum of seventeen shillings for each year of non-contributing service comprised in that period.

(4) Where an officer has elected to retain rights to superannuation benefits corresponding with those previously enjoyed by him under the Superannuation Acts or other optants scheme not requiring the payment of contributions, so much of any pension payable to him as is attributable to any period of participating employment shall be reduced by the sum of one pound and six shillings per annum for every unit, ascertained in accordance with subsections (3) and (4) of section 4 of the Act of 1959, of graduated contributions paid, or treated by virtue of subsection (3) of section 7 of that Act as having been paid, by him during such period of participating employment.

Reduction of retiring allowances, short service gratuities and death gratuities

20.—(1) Subject to the provisions of this regulation, if no pension is payable to an officer, but there is payable to or in respect of him a retiring allowance under regulation 9 of the principal regulations, a short service gratuity under regulation 12 of those regulations, a death gratuity under regulation 14 of those regulations or a benefit under an optants scheme corresponding with any such allowance or gratuity, and by reason of the cessation of his employment, a payment in lieu of contributions is required to be made under the Act of 1959 or such a payment has previously been made under the Act of 1959, the Northern Ireland Act or the Isle of Man Act in circumstances not involving a return of contributions, the retiring allowance, short service gratuity, death gratuity or similar benefit shall be reduced by a sum amounting to half of the payment in lieu of contributions or half of the aggregate of such payments if more than one has been made.

(2) No payment in lieu of contributions shall be taken into account for the purpose of this regulation—

(*a*) on more than one occasion;

(*b*) if the payment was made on the termination of any period of employment which is not reckonable as service for the purposes of the principal regulations; or

(*c*) if the payment is one which has been reduced under regulation 13 of the National Insurance (Non-participation—Assurance of Equivalent Pension Benefits) Regulations, 1960(a), or any corresponding regulation in Northern Ireland or the Isle of Man.

(a) S.I. 1960/1103 (1960 II, p. 2244).

Reduction of pension attributable to added years

21. If an officer has made payments under regulation 32 of the principal regulations with a view to the reckoning of added years, and those payments have been subject to reduction in accordance with regulations made under subsection (4) of section 69 of the Act of 1946 as extended by section 15 of the Act of 1959, the period in respect of which those payments have been made shall be treated, for the purposes of these regulations, as a period of service in participating employment and the part of any pension to which an officer subsequently becomes entitled which is attributable to that period shall be reduced in accordance with this part of these regulations.

Reduction of pension in respect of other reckonable employment

22. Where a person has become employed as an officer after having been employed in other employment (in this regulation referred to as "his former employment") and by virtue of any provision in the principal regulations, his service in his former employment is to be reckoned in any manner and to any extent as service as an officer then, if his former employment included any period of participating employment or non-participating employment at the end of which a payment in lieu of contributions had been made under the Act of 1959, the Northern Ireland Act or the Isle of Man Act, so much of any pension payable to him as is attributable to any such period shall, in lieu of any reduction for which this part of these regulations provides, be reduced in the like manner as if—

(*a*) he had continued in his former employment and retired from it on the day when he ceased to be employed as an officer, and

(*b*) any modification provision applicable to him immediately before he ceased to be employed in his former employment had been applied in relation to the period of his service before that date.

Adjustments following payments in lieu of contributions

23.—(1) Subject to the provisions of this regulation, where an officer leaves employment or dies in circumstances in which, under the principal regulations or under any optants scheme, there is payable to or in respect of him an amount by way of return of contributions and a payment in lieu of contributions under the Act of 1959, the Northern Ireland Act or the Isle of Man Act has previously been made in respect of him in circumstances not involving a return of contributions, the amount payable to or in respect of him by way of return of contributions shall be reduced by a sum equal to the amount, or aggregate of the amounts, by which, under subsection (5) of section 10 of the Act of 1959, or under the corresponding provision of the Northern Ireland Act or the Isle of Man Act, as the case may be, any payment by way of return of contributions could have been reduced if one had been made at the time when the previous payment in lieu of contributions was made.

(2) No payment in lieu of contributions shall be taken into account for the purposes of this regulation—

(*a*) on more than one occasion, or

(*b*) if the payment is one which has been reduced under regulation 13 of the National Insurance (Non-participation—Assurance of Equivalent

Pension Benefits) Regulations, 1960, or any corresponding regulation in Northern Ireland or the Isle of Man.

(3) Where a payment to any officer by way of return of contributions is reduced under subsection (5) of section 10 of the Act of 1959 or under paragraph (1) of this regulation or under any corresponding provision in Northern Ireland or the Isle of Man, the amount by which the payment is reduced shall be treated for the purposes of any subsequent return of contributions to which the officer may become entitled as having been returned to and retained by the officer.

Dated this 27th day of March, 1961.

EXPLANATORY NOTE

(This note is not part of the regulations, but is intended to indicate their general purport.)

These regulations modify the National Health Service Superannuation Scheme in Scotland in connection with the operation of the National Insurance Act, 1959.

Part I of the regulations contains definitions of words and expressions used and provides that the regulations made under section 66 of the National Health Service (Scotland) Act, 1947, (under which the Scheme was established) are to be modified in accordance with the succeeding provisions of the regulations. The Scheme includes provision for the optional retention of superannuation rights enjoyed in certain previous employments. These rights also are modified by the regulations.

Part II of the regulations provides that superannuation contributions payable under the Scheme are to be reduced during periods of participating employment for the purposes of the Act of 1959. The method of reduction takes account of any reduction already required to be made in connection with the National Insurance Act, 1946, and provides for a single consolidated reduction. A corresponding reduction is made in any additional contributory payment or transfer value payable in respect of a period for which reduced contributions have been paid.

Under Part III of the regulations, pensions payable under the Scheme are reduced where any service reckonable for the pension also qualifies the employee for graduated retirement benefit under the Act of 1959. Here again, any reduction required to be made under the Act of 1946 is consolidated. Lump sum benefits under the Scheme in respect of non-participating employment are reduced to take account of payments in lieu of contributions which an employer is required to make under the Act of 1959 on the termination of non-participating employment. Where the previous service of any employee in other employment outside the National Health Service in Scotland has become reckonable under the Scheme, the pension attributable to that service will be reduced in the same way as it would have been reduced in the previous employment.
