(**b**) S.I. 1979/1717, amended by S.I. 1980/479.

EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order which comes into operation on 23rd September 1980, amends the Customs Duties (Quota Relief) (Paper, Paperboard and Printed Products) Order 1979 by increasing the duty-free tariff quota which the United Kingdom is entitled to open under Protocol No. 1 to the Agreement between the European Economic Community and Finland for coated mechanical printing paper weighing not more than 65 g/m² falling within subheading 48.07D of the common customs tariff of the European Economic Community and originating in Finland from 10,439 tonnes to 18,010 tonnes. The duty-free tariff quota for all coated printing paper, weighing less than 225g/m² falling within subheading 48.07D is accordingly increased from 20,479 tonnes to 28,050 tonnes. This is in accordance with an agreement in the form of a recent exchange of letters approved by Council Regulation (EEC) No. L209/80 amending the quota which the United Kingdom is entitled to open for 1980 under the terms of Protocol No. 1.
